

File OF-Surv-Inc-2012 143 01
15 March 2018

Mr. Kevin Gant
Conventional Operations Superintendent
Imperial Oil Resources N.W.T. Limited
505 Quarry Park Blvd SE
Calgary, AB T2C 5N1
Email: [REDACTED]

Dear Mr. Gant:

**Imperial Oil Resources N.W.T. Limited (Imperial)
Request for Closure of Order CO-001-2013**

The Board has reviewed Imperial's letter dated 30 November 2017 and the supporting documentation which indicate that Imperial has completed the corrective actions for all 83 flowlines identified in the Corrective Action Plan (CAP) approved by the Board for Order CO-001-2013. The Board notes that Imperial has completed the work ahead of the original completion timeline of 2020.

The Board is of the view that Imperial has fulfilled the remaining condition of the Order, i.e., Condition 3, and therefore the Board considers Order CO-001-2013 closed. The Board will continue to monitor Imperial's safety and environmental compliance through targeted compliance verification activities as part of its regulatory mandate.

Should you have any questions, please contact Ken Fortin, Lead Auditor, at 587-538-2150.

Yours truly,

Original signed by S. Wong for

Sheri Young
Secretary of the Board
